Welcome to Villa Nurtan

Selected by the Telegraph as the top Turkish villa holiday in 2015 and 2016, this wonderful individual 285 sq metre luxury villa, named Villa Nurtan after its Turkish architect, is considered the finest in the area.

It is our retreat in Turkey so is fully centrally heated and can be lived in all year round. Using local labour and materials we have aimed to create a villa that is sympathetic to its surroundings. This extends to our furniture, which is mostly hand-made in the village.

Villa Nurtan is located in Keçibükü, Orhaniye, an idyllic valley location surrounded by olive trees and hills. It is only 25 km away from bustling Marmaris, yet offers a peaceful retreat for discerning families looking for a private and very special place to unwind, well away from 'developments'.

It has an eco-friendly private 8 x 5m pool set in a large 1600 m2 garden with two large verandas and barbeque in the garden. Solar heating system and backup water maintain all services.

Free unlimited 4G WiFi Internet access.

Our team will ensure you have a wonderful time. We are all proud of and love Villa Nurtan, and are sure that you will too.

We've had a great time, your house is superb. We have been coming to Orhaniye for over 10 years and we have enjoyed this stay in Villa Nurtan better than any other. The Villa Nurtan is truly wonderful and a testimony to the effort you, and your wife, must have put in to create it.

The outside area of the property features 1600 sqm of private gardens with mature shrubs, fresh vegetables, oranges, lemons, figs, mulberries and extensive gardens. There are two large verandas around the house for dining and sitting, a large traditional wooden pavilion by the pool, stone BBQ for dining and hammock to relax in.

The villa is for those that want complete privacy and who will enjoy our garden and the privacy it provides. It is where to stay if you like a lot of space around you – both in-

side and out – whether you want to laze in a hammock, our wonderful pavilion, verandas or balconies.

You can watch the natural world at your leisure – the bats and stars at night, birds swooping to drink at the pool, dragonflies over the water, the birds of prey overhead or just watch the garden grow.

Eco-friendly pool

We have invested in the latest 100% ecological cleaning system in the private pool plus installing a water softening system which means that we use NO chemicals in this pool. Our guests love this pool as they do not smell of chlorine and it does not pollute the environment.

Sustainable

We believe in low impact tourism. The Bozburun Peninsula is a protected nature area so we go to great lengths to minimise our impact on the environment. We have drilled two wells and installed automatic drip watering systems in the gardens to minimise the amount of water we take from the village.

We had a fantastic holiday in Orhaniye and your beautiful villa, you have certainly thought of everything that we would need to make a very comfortable stay in villa Lale. The Turkish people, especially the neighbours are really friendly.

The Villa was excellent and in a really beautiful location, we can certainly see the attraction of Turkey and especially this particular location. You have certainly thought of everything when it comes to the 'home from home' features and the appliances, as the cook I couldn't see anything that was missing from the kitchen.

We had a great time at Orhaniye and Villa Lale. The villa had everything we needed (even the toaster) and the free phone was a particularly thoughtful and very useful accessory. The peace and tranquility that the villa provides is priceless.

Very nice villa, just as described on the website. Quite rural, although that's just what we were looking for. Very peaceful and relaxing, nothing to disturb you, no English pubs/bars, no nightclubs, just an oasis of peace and tranquility. Bliss.

We were really impressed with everything about Villa Lale. Owning a holiday rental ourselves we are particularly aware of how well (or not!) things are done when we stay elsewhere. You have designed/ set up the villa impeccably

Villa Lale guests enjoy the luxuries of a private pool whilst being part of a rural Turkish hamlet. In the garden is a stone BBQ for outside meals and around the side of the villa is a swinging chair that is great for a quiet read.

Our guests like being part of the community. There are the sounds of village life. If you are used to the rumble of cars and street life, you will instead get used to the call to prayer just before dawn and at intervals through the day from the village mosque. At night time you may hear cockerels, dogs, the snuffle of a wild boar, the occasion-

al gun shot as the men hunt at night or the music of a wedding celebration. At other times there is utter quiet – except for the sounds of frogs in the spring whilst the streams are running and the cicadas in high summer.

You can watch the natural world at your leisure – the bats and stars at night, birds swooping to drink at the pool, dragonflies over the water, the birds of prey overhead. Enjoy our very private garden.

What is it like to stay in a Turkish village? You will notice that everyone is friendly and will greet you with 'Merhaba' (Hello). The Kecibuku hamlet has a population of around 350, so you can be sure that everyone will know who you are or will work out where you are staying very quickly.

As a stranger you are a guest in the community, so you may be given a gesture of welcome – perhaps an orange or a fig from a tree as you walk by.

What is special about staying at Villa Nurtan? A totally private pool set in a large private garden – these are the essential requirements for a peerfect summer holiday in Turkey.

It is the ideal location for a private family holiday in Turkey. You can experience rural Turkish hospitality, whilst staying in a luxurious villa with all the modern conveniences.

Many of our guests love Villa Nurtan and return year after year.

Getting to the Bozburun Peninsula

Nearest airport to the villas is Dalaman (DLM)
Our private transfers take about one hour 40 mins

Orhaniye is located on the Bozburun peninsula which is protected by government laws against the excesses of mass tourism. It is at the point where the Mediterranean sea meets the Aegean sea so it has a wonderful climate all year around, similar to that found in California, with hot summers and mild winters.

Within a few kilometres you get up in the hills to the pretty village of Bayir with its stunning views or travel down the peninsula to Bozburun which lives off boat building and yacht servicing. Orhaniye may only be 25 Km from Marmaris but it could be easily be the other side of the world.

Villa Nurtan and Villa Lale are 1 hour 40 minutes drive away from Dalaman Airport (DLM) which is the closest airport to enter Turkey. Now there are many charter flights all the year round from most UK and European airports to Dalaman. 4 hour flight.

WONDERFUL LOCAL BAYS

Airport Transfers

We can arrange private transfers from Dalaman airport using a transfer company based in the village. Transfers take about one hour and 40 mins. Bodrum airport is also possible and takes 30 min more.

Car Hire

We can arrange private car hire for you with the same local company. They can provide rental cars picked up at the airport or deliver a rental car to the villa for use when you arrive. They also provide cars by the day, delivered to the villa.

Boat Trips

Private boat trips are very popular with our guests as they can go to quiet bays and swim in the crystal-clear waters. We can arrange these trips on request.
