Welcome To Nature

Deserted bays with beaches

Unspoilt Turkey. The Bozburun Peninsula is only 25km away from bustling Marmaris, but it is a world away from the bright lights of Marmaris.

On the Bozburun Peninsula you will discover the true unspoilt Turkey, a peaceful haven away from the bustle of modern life, a world away from Turkey's mass tourism resorts.

Internationally Popular. The Bozburun Peninsula is increasingly becoming popular with guests from many Countries who are looking to explore the real Turkey. They are looking for an authentic Turkish holiday experience. On the Bozburun Peninsula you will experience the real Turkey.

Bozburun Peninsula

Unspoilt Turkey. The Bozburun Peninsula is one of the most beautiful parts of Turkey as it is protected by the Government and classed as a natural environment. This means that all development is severely limited with high rise construction banned throughout the peninsula.

Because of this, the Bozburun Peninsula is often referred to as a living museum as the way of life is largely unchanged from decades ago. This makes it very attractive to visitors who are looking for a wonderfully relaxing place to stay, and explore the villages dotted along the peninsula.

Compared to bustling Marmaris, all the villages along the Bozburun Peninsula are quiet and you will find the locals very friendly.

Why You Should Come. You should come if you are looking for a relaxing location for your holiday. You should come if you want to get away from the over developed areas like Kalkan and Kaş. You should come if you enjoy fine food and nature. If you come for any of these reasons you will not be disappointed.

Getting Around. Most guests that visit the Bozburun Peninsula either rent a car and drive themselves or use public transport. If you are driving it is very easy to navigate around the Peninsula as there is really only one road to speak of.

Selimiye

Famous For Its Restaurants

Car Rental. You can rent a car from companies based in most of the villages dotted around the Peninsula. Most rental companies can also arrange transfers from Dalaman airport or deliver a rental car.

Dolmuş Transport. The Dolmuş or shared taxi is a common sight on the Bozburun Peninsula roads. Each village runs a regular Dolmuş service to Marmaris so many people use this service to get between villages. It is great fun and a very cheap way to get around.

Food On The Peninsula

Traditional to European. You can find a huge variety of food on the Bozburun Peninsula ranging from simple 'pide' restaurants, wonderful fresh fish restaurants, to sophisticated International cuisine restaurants.

You should not be afraid of entering a local restaurant that looks empty. Often you will find these are absolute gems and will serve up wonderful food, with most of the produce fresh from their garden. At the other end of the range there are famous restaurants in Selimiye that are very popular with the Istanbul elite.

In the Summer these restaurants are full of wealthy Turks, who often will have their luxury motor yacht berthed at the same restaurant.

Whatever your taste and budget you will find an incredible range of food on offer on the Bozburun Peninsula.

Airports. Dalaman (DLM) is the nearest airport and is well served by charter and scheduled flights from Europe all year round. We can arrange transfers from Dalaman direct to your villa.

Sustainable. We believe in a low impact tourism. The Bozburun Peninsula is a protected nature area so we go to great lengths to minimise our impact on the environment.

We have also invested in the latest generation of solar water heating systems as these are far more efficient than panel systems. We have drilled wells and installed automatic drip watering systems in the gardens to minimise the amount of water we take from the village.
